ABOUT ONE HOUSTON TOGETHER

One Houston Together is a data-driven effort of 100+ Greater Houston Partnership members committed to individually and collectively transform our region into a more equitable and inclusive place by driving change in two areas where we believe the business community can have the greatest impact – creating pathways for talent advancement and leveraging our buying power to grow spending with Minority Business Enterprises (MBEs). To learn more, please visit **One Houston Together online at Houston.org**.

This directory is divided into two sections. The first section provides a list of Partnership members that are also minority business enterprises. The second section highlights minority businesses that are currently providing goods and services to Partnership member companies and have an established reputation and proven track record of delivering for corporate and institutional purchasers.

Houston MBE Accelerator

The Houston Minority Business Enterprise (MBE) Accelerator is an outgrowth of the Partnership's efforts over the last three years which include focus groups with regional MBEs, creating an MBE Economic Impact Analysis, and launching the Houston Buyer Cohort pilot. The goal of the Accelerator is to promote spending with diverse businesses and to help Partnership members discover Houston-region MBEs that have a demonstrated track record of delivering goods and services for corporations.

Unlike many programs, the Partnership's Accelerator is not developmental or intended to build capacity. It focuses on minority businesses that are able to compete for business and can benefit from introductions and expanded access and networks.

Accelerator Participants

The list on the following page highlights minority businesses that are currently providing products and services to Partnership member companies and institutions.
